## Quick Start Guide

### Standard Accessories:

- ◆ 1x Antenna
- ◆ 1x 3.8v 3500mAh Battery
- ◆ 1x Micro USB Cable
- ◆ 1x Power Adapter
- ◆ 1x Belt Clip

### i800 Antenna Installation

Put the antenna into knob slot and tighten it clockwise.

### Dock Charger (Optional Accessory)

Step 1: Insert the USB cable into the power adapter, then connect the dock charger with the other end of USB cable.

### Battery Installation

Step 1: As shown in picture 2 and picture 3, put or remove the battery by unscrewing the 2pcs screws at the bottom of the device.

Step 2: Install the back cover and tighten the screws.

### Belt Clip Installation (If Required)

Step 1: Make sure the belt clip in proper place and in accordance with screw hole.

Step 2: Tighten the screws on both sides.

### Dual SIM Card and Memory Card Installation

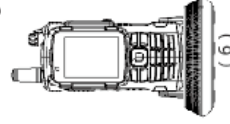

Step 1: Remove the battery if pre-installed. (Follow the battery installation and removal procedure as stated before if you are unsure how to do this)

Step 2: Install the SIM card and/or memory card by sliding the retainer to the 'open' position (as marked) and insert the SIM/memory card, sliding the battery back on.

### Accessories Installation Through accessory Port (If required)

Step 1: Remove the accessory port cover. The accessory port is at the right side of device as shown in this photo 4.

Step 2: Connect optional accessory to the accessory port.

Step 2: Insert the i800 device and battery into the right slots for charging.

Important Note: Please read the information label at bottom of the dock charger before charging for the first time.
